COLUMBIA INSTITUTION FOR THE DEAF

Columbia Institution for the Deaf is a corporation established in 1857 by private enterprise. It is now maintained by direct appropriations by Congress, by tuition fees, and by endowment. The act of Congress in 1857 incorporating the institution allowed \$150 per annum from the United States Treasury for each indigent pupil from the District of Columbia. In 1858 Congress granted \$3,000 a year for five years for salaries and incidental expenses of the institution, and authorized free admission of deaf and dumb or blind children of men in the military or naval service of the United States. In 1865 Congress provided for the transfer of the blind children and removed the words "and the blind" from the corporate name of the institution. In 1864 Congress authorized the institution to confer collegiate degrees. With this new departure Congress made a considerable increase in its annual grants and provided that a limited number of students be admitted to the collegiate department from the several States and Territories free of charge. The number of students thus admitted free was at first 10; the number has been increased by acts of Congress until now it is 145. In 1887 the college was opened to young women and in 1891 a department for the training of hearing teachers of the deaf was established.

UNITED STATES COUNCIL OF NATIONAL DEFENSE

The Council of National Defense, composed of the Secretary of War, the Secretary of the Navy, the Secretary of the Interior, the Secretary of Agriculture, the Secretary of Commerce, and the Secretary of Labor, was charged by the act of August 29, 1916, among other things, with the "coordination of industries and resources for the national security and welfare" and with the "creation of relations which will render possible in time of need the immediate concentration and utilization of the resources of the Nation." No appropriations have been made for nor any meetings held by the council since the fiscal year 1921. The records of the Council of National Defense, as well as those of the War Industries Board and the Committee on Public Information, are now under the jurisdiction of the Assistant Secretary of War, who is charged by law (act of June 4, 1920), with the "assurance of adequate provision for the mobilization of material and industrial organization essential to war-time needs." The records of the Council of National Defense are in the custody of the Archivist of the United States.

NATIONAL ADVISORY COMMITTEE FOR AERONAUTICS

The National Advisory Committee for Aeronautics was established by act of Congress approved March 3, 1915 (U. S. C., title 50, sec. 151), and the membership increased from 12 to 15 members by act approved March 2, 1929 (U. S. C., Supp. V, title 50, sec. 151 (a)). Its membership is appointed by the President and consists of two representatives each of the War and Navy Departments from the offices in charge of military and naval aeronautics, one representative each of the Smithsonian Institution, the United States Weather Bureau, and the United States National Bureau of Standards, together with eight additional persons (including a representative of the Bureau of Air Commerce) who are "acquainted with the needs of aeronautical science, either civil or military, or skilled in aeronautical engineering or its allied sciences." All the members, as such, serve without compensation. The law provides that this committee shall "supervise and direct the scientific study of the problems of flight, with a view to their practical solution, * * *" and also "direct and conduct research and experiment in aeronautics." Under the rules and regulations formulated by the committee and approved by the President, there are technical subcommittees organized along lines similar to the main committee and including specially appointed representatives of the War, Navy, and Commerce air organizations, with all members serving as such without compensation. The major subcommittees are those dealing with aerodynamics, power plants for aircraft, and materials for aircraft. The aeronautical research needs of the War, Navy, and Commerce Departments are referred to and coordinated by these subcommittees, and programs of fundamental research as agreed upon to meet the needs of all governmental agencies are executed under the centralized and direct control of the main committee at its research station, known as the Langley Memorial Aeronautical Laboratory, at Langley Field, Va. The committee also conducts in Washington the Office of Aeronautical Intelligence, for the collection, classification, and dissemination of scientific and technical data on aeronautics obtained from all parts of the world, and passes upon the merits of aeronautical inventions and designs submitted to any branch of the Government.

 The Pan American Sanitary Bureau is an autonomous international office of public health established in 1902 in accordance with resolutions of the Second International Conference of American States, held in the city of Mexico, 1901-2; at first it was called the International Sanitary Bureau; the Fifth International American Conference, held in Chile in 1923, changed the name to Pan American Sanitary Bureau. The office was established upon a treaty basis by the Seventh Pan American Sanitary Conference, which met in Habana, Cuba, in 1924. The Bureau is supported by annual quotas (provided by treaty) contributed by all of the American republics upon a per capita basis. It works in close cooperation with the Pan American Union, the Health Authorities of the American republics and the International Sanitary bodies, and acts as a clearing house for sanitary information and as a central coordinating sanitary agency for the American republics. The Bureau publishes a monthly bulletin containing sections in Spanish, Portuguese, and French, and occasionally in English, as well as other publications in those languages, copies of which may be had on application.
 The salaries of the Director, Dr. Hugh S. Cumming, Surgeon General, Retired; Assistant to the Director, Dr. Bolivar J. Lloyd, Medical Director, Retired; and Traveling Representatives John D. PAN AMERICAN UNION

- Director General.*—Leo S. Rowe.
Assistant Director.—Pedro de Alba.
Counselor.—William Manger.
Foreign Trade Adviser.—Silvino da Silva.
Chief Clerk.—William V. Griffin.
 The Pan American Union (formerly International Bureau of the American Republics) is the official international organization of all the republics of the Western Hemisphere, founded and maintained by them for the purpose of exchanging mutually useful information and fostering commerce, intercourse, friendship, and peace. It is supported through their joint contributions, each nation annually paying that part of the budget of expenses which its population bears to the total population of all the republics. Its general control is vested in a governing board made up of the representatives in Washington of all the Latin-American governments and the Secretary of State of the United States. It is strictly international in its scope, purpose, and control, and each nation has equal authority in its administration. The Pan American Union occupies and owns a monumental building on extensive grounds in Washington, D. C., overlooking the White House park.
